

1. The BRAIN GAMES event consists of namely three games in the order:

- **HITORI – 5 minutes**
- **SUDOKU – 10 minutes**
- **IT-CROSSWORD – 15 minutes**

2. The Total Time per participant is **30 minutes**.

3. There will 2 buttons for each game

- **SKIP** – if any participant does not wish to play any of the three games , then he/she can skip it using this button ,but the time allocated for that game will be deducted from the total time

WARNING: Once you click on SKIP button ,you cannot come back to play the game again.

- **SUBMIT** – if you have completed the game before time , you can click this button and the remaining time of this game will be added to the next game.

e.g: If you have completed Hitori in 3 minutes , then the remaining 2 minutes will be added to Sudoku , giving you 12 minutes to solve it.

WARNING: Only a complete solution will be considered as correct once you click the SUBMIT button. An Incomplete Solution will not be considered for any marks.

4. **Weightage of each game is as listed below:**

HITORI-1 point

SUDOKU-2 points

IT-CROSSWORD-3 points
